

Level 1 Textiles Technology DTT111 2009

Aims/General Learning Outcomes

- Identify and investigate issues and existing outcomes through planning, brief writing and evaluating outcomes. (Technological practice)
- Understand how technological outcomes can be interpreted and justified as fit for purpose (Nature of Technology)
- Understand the role of modelling, materials development and design and development within technological systems. (Technological Knowledge)

Course Content

- In Term 1 you will be working through a unit standard to produce a simple textile item in a woven fabric.
- In this course you will work through a major project which will be ongoing throughout the year.
- You will be working through aspects of technology, including carrying out research, brief writing, planning and presenting a technological solution. You will present a garment or an outfit for a defined occasion.

Appeals

Any queries about an assessment decision should be made to your class teacher when the assessment is handed back. Any formal appeals should be made, **within one week** of the assessed work being returned to the Head of Department, Ms Tilley, or the Principal's Nominee, Ms Lynch in Term 1 and Mrs Butler in Terms 2, 3 and 4, who will investigate it further.

Work done in pencil or which has 'white-out' corrections cannot be reconsidered for appeals. Appeals need to be made within one school week of receiving a result.

Further assessment opportunities

Students in Textiles Technology will not be offered further assessment opportunities due to the nature of the Unit Standards and Achievement Standards offered..
