

Textile Technology, DTT 222

2009

Aims/General Learning Outcomes

- Identify and investigate issues and existing outcomes through planning, brief writing and evaluating outcomes. (Technological practice).
- Understand how technological outcomes can be interpreted and justified as fit for purpose (Nature of Technology)
- Understand the role of modelling, materials development and design and development within technological systems (Technological Knowledge).

Course Content

In this course you will work through two units during the year.

In **Unit One** you will be working through the aspects of technology, including carrying out research, brief writing, planning, presenting and implementing a technological solution that demonstrates skills, while working safely to produce a garment for yourself or someone else.

In **Unit Two** you will develop a technological solution based around a garment or fashion style from the past. You will formulate a brief, use planning tools to guide practice and refine and present design work.

Assessment Details

All assessments will have a submission date. Students are required to hand in work on or before the specified submission date to ensure that it is assessed. Ms Tilley and Mr Smitheram will do the assessment for the internally assessed Achievement Standards.

Appeals

Any queries about an assessment decision should be made to your class teacher when the assessment is handed back. Any formal appeals should be made, **within one week** of the assessed work being returned to the Head of Department, Ms Tilley, or the Principal's Nominee, Ms Lynch in Term 1 and Mrs Butler in Terms 2, 3 and 4 who will investigate it further.

Work done in pencil or which has 'white-out' corrections cannot be reconsidered for appeals. Appeals need to be made within one school week of receiving a result.

Further assessment opportunities

Students in Textiles Technology will not be offered further assessment opportunities due to the nature of the Unit Standards and Achievement Standards being offered.

Assessment Record Sheet

Standard Number and version	Title	No of Credits	Assessment Type	Timing	Result
A.S. 90350-V2	Develop and implement a one-off solution in materials technology.	6	Internal	Term 2, Week 6	
A.S. 90372-V2	Demonstrate skills in materials technology	4	Internal	Term 2, Week 6	
U.S. 6685-V3	Adapt a commercial pattern	5	Internal	Term 1, Week 10	
U.S. 16836-V2	Complete a garment which reflects an identified historical design feature	4	Internal	Term 4, Week 3	
U.S. 7491-V4	Develop and refine design solutions	3	Internal	Term 4, Week 3	
U.S. 7492- V4	Present design work	3	Internal	Term 4, Week 3
