AGHS Sports Registration Levy

Dear Parents and Caregivers,

To support the growing number of students participating in our sports programmes, Avonside Girls' High School has introduced an annual **Sports Registration Levy**.
Sport plays an important role in student wellbeing, connection, and school belonging, and participation at AGHS continues to grow. As a result, the administration, coordination, and costs involved in delivering quality sporting opportunities have also increased. While many staff generously volunteer their time, increasing curriculum demands mean additional support is needed to sustainably manage and grow our sports programmes.
The Sports Registration Levy helps contribute to these administration and programme costs, ensuring we can continue to provide diverse sporting opportunities for our Ākonga.

The Sports Registration Levy contributes to the ongoing delivery and administration of our sports programmes and helps cover costs such as:

- New Zealand Secondary Schools (NZSS) sports and Canterbury Secondary Schools sports levies
- Costs associated with the annual Sports Prizegiving
- Sports administration and programme coordination

Sports Registration Levy

- **$25 per student**
- **Payable once per year**
- **Applies regardless of the number of sports a student participates in**

Any funds remaining after sports administration costs have been met will be directed towards the purchase of sports equipment and uniforms, benefiting our students and sports programmes.
We appreciate your continued support as we work to sustain and grow quality sporting opportunities for all Ākonga at Avonside Girls' High School.

Ngā mihi
Melanie McRandle
Acting Principal
